**Directions:** Camp is across from the Oasis rest stop in “downtown” Brothers! **From Burns**, turn left just before ODOT shop. **From Portland**, take Highway 26 to Madras, turn toward Prineville and then **from Prineville** turn uphill toward Redmond/Bend. At the top of the grade, continue into a roundabout, taking the third exit onto George (Geo) Millican Highway. Go straight through a four-way stop to Highway 20, turn left and look for flags marking the turn. **From Bend**, go through Brothers, then turn right just past the ODOT shop.

**Trail:** This is a desert ride. No shade or trees. All water is hauled into camp and on trail, so we ask you to be very conservative with it. Bring people water. Ride management will provide hay at vet checks. All vet checks are in camp. One stop-and-go on some or all distances-depending on where the cows are. If there are any closed gates, a stepstool will be provided. Not much elevation, this is a great ride to go up in distance. Very little rock, no deep sand. Please scatter manure and pick up hay. Radio club members will be out on the trail.

Head vet: Dr. Cassee Terry  
Treatment Vet, Jessie Heinrich, DVM
